ABOUT ME

I am an experienced frontend developer with over 7 years of software engineering expertise. As a Senior developer in frontend, I have successfully developed the frontend of Lassana.com, the leading e-commerce web app for Lassana Flora (Pvt) Ltd. in Sri Lanka. My skills include proficiency in ReactJS, Redux, JavaScript, HTML, CSS, and Java. I excel in translating solutions into code and have a strong track record of working with various APIs and third-party integrations.
